Choosing Exterior Colors | This Old House

Blue is a daring color to use on an exterior because it isn't rooted in an earth color, but grayish shades like this are safer because they somewhat resemble colors of slate.

Indoors, blue creates a cool feel in a room. On an exterior, however, the psychological effect is less pronounced.

Combined with white, and surrounded with greenery, it looks crisp and calm.

Best Exterior House Color Schemes | Better Homes & Gardens

As with exterior wood paint colors, it's best to stain a swath of exterior wall in different versions to see how the color looks and feels throughout the day. As an accent, look to white. For more classically styled homes, white is a traditional accent for window trim, pillars, and doors.
