Distributed creativity - Wikipedia

Distributed creativity is networked cultural production that allows for the creative interplay of geographically dispersed participants. Details | edit | Distributed creativity is not one artist working on one object but rather a group of authors contributing to an artwork.

Distributed Creativity - Eric F. Clarke; Mark Doffman ...

Creative practice in music, particularly in traditional concert culture, is commonly understood in terms of a rather stark division of labour between composer and performer. But this overlooks the distributed and interactive nature of the creative processes on which so much contemporary music depends.

Distributed Creativity: Thinking Outside the Box of the ...

In *Distributed Creativity: Thinking Outside the Box of the Creative Individual* Vlad Petre Gi veanu combines ideas from cultural psychology and creativity studies to put forth a theory of creativity as distributed action. Simply put, Gi veanu makes the case that to create is to act on the world. But creative action does not happen in isolation. Instead, creativity is always situated within
