Families, Education and Giftedness | SpringerLink
Sceptical of the concept of giftedness, Mazzoli Smith and Campbell question conventional methodologies, using a narrative approach to understand how four families of working class origins, each with a gifted child, construct their values in relation to education and social class. They explore the influence of their family histories, cultural values and life styles upon educational engagement.
Family Education Centre Sharing knowledge for parents

"The Family Education Centre has given me the opportunity to grow and learn as a parent, to share resources and information with other parents, and to have access to ongoing support from experts.
